President's Message

Dear BCCSC members,

Well, for those that missed our December lunch: We all had a blast! The ambience was lovely, the food was delicious and the company was just fantastic. We were under a covered patio which made it delightful while it rained a bit around us. We had a gift exchange for the dogs and they loved all their presents. Thanks, Noli, for organizing this. The decorations really set the mood! See [Page 3](#).

Thanks goes to all of YOU for renewing your membership. We appreciate your support and hope you get a chance to come out to one of the events. We REALLY are having FUN!! Our membership is growing and this month we have a few members who wrote about themselves. I love sharing *their* stories! [Pages 4-7](#).

Happy March! We are having another fun herding day out with Ted, March 8th. Thanks, Sandy, for putting it together for us. Please come out and join us if you can. We will have a short meeting, as always, to say hello and take care of some club business. Flyer included on [Page 8](#). RSVP to Sandy Dubin.

We lost one of our members, Sarah Halsey, as some of you are aware. The BCCSC sends our condolences to her kids and husband, Doug. Please read the tribute on [Page 9](#).

April's annual meeting is changing a bit this year. We will be at Zoom Room in Sherman Oaks and it should be a lot of fun. This is the time where we vote our new Board in, so please, if you can, come to play and support your Board by placing your vote. Please see the flyer on [Page 10](#). Thanks, Noli, for organizing this event. We look forward to seeing you!! RSVP to Noli, please.

We have been re-working our By-Laws. Please see [Page 12](#). Noli has written up the proposed changes with a brief summation to help you understand what we are trying to accomplish by changing things. By-law changes will be voted on by the voting members at our Annual April meeting. There will be a link in the Beardie Blast to the full By-Law changes.

Lots of things happening behind the scenes for the July Specialty in Ventura. Carole Desmond is busy ordering ribbons/rosettes and trophies. Can't wait to see what she gets! We will have supported entries for Saturday and Sunday sponsored by the BCCSC. Please see the ad on [Page 11](#). I just love going to this show. Please make sure to come over and say "HI!" You don't have to show a dog to attend! FYI: We won't be calling it "Regional" any more as the BCCA has let us know that is the wrong wording..we are not a region and so it will now be referred to as our Specialty.

Besides the BCCSC Specialty, we've included some conformation shows we hope you will attend. We'd love to see YOU!. There are trophies being offered!! See [Page 14](#) for Bakersfield/Kern County Kennel Club, [Page 13](#) for Woofstock and the NCBCF dog show, and Santa Ana Kennel Club on [Page 14](#).

Marilynn Severson

Dear Members of the BCCSC,

I had been asked to jot some information down about myself. I have been a breeder for 35 years, but mostly as a handler of this fine breed, The Bearded Collie. When I got started, I was married to a wonderful L.A. City Fireman, Dave Lowe. Our first Beardedie was found by Dave. We named him "Dusty," as dusty he was, having been found at a vacant lot next to a gas station. Dave worked as a mechanic at the station and noticed this poor dog just wandering around the lot, lost, hungry and thirsty. Dave immediately, upon seeing no tags on the pup, and his poor condition, went out and bought him a big human meal and fed it to him. Dave phoned me about him and I hastily said, "Bring him home with you tonight." And so he did.

We were told, by more than one groomer, that this dog was a purebred Bearded Collie. He was about 6 months old when we found him and he was a slight mis-mark on the body and we could have cared less. He had his forever home now, that was all that mattered to us.

Dusty lived to be about 14 years old, developing diabetes later in life and getting insulin injections daily, he was a fabulous Beardedie. When he passed away, I went to my first AKC dog show at Devonshire Downs where I met Pam, who owned a dog named Quinn, from the Sacramento area. I told her about Dusty and that I had just purchased a new Bearded Collie puppy who was 10 weeks old. I knew NOTHING ABOUT DOG SHOWS, but acquired a deep interest in showing that day, and every day since!

Thirty five years takes me back a very long time and I'm not certain I know where to begin.

But having said this, let me start by saying one of the very first persons to help me on my journey was Dennis and Margie Haarsager. Of course Kirsten, at the time, was a junior handler and became a very good friend to my same aged son, Kevin.

I attended our very first club meeting at the Karnes' residence located in North Hollywood, CA.

I will never forget Margie conning me into being on the Board, specifically, as the Vice President of the Bearded Collie Club of Greater Los Angeles. AKC did take issue that demographically the club members were greatly and far apart from one another, hence, how could we call our club "of Greater Los Angeles"? This became an issue as the club began to prepare a bid on an upcoming national specialty. We were all greatly disappointed.

We also, being a new club, wanted to hold the specialty in conjunction with an all-breed show. This did not go over well. Dave and I flew to Chicago for our first national specialty Club meeting and between conference calls from myself to Dave and Josie Karnes, Dennis and Marge Haarsager, the end result was withdrawing our bid from the national specialty.

We were very new and perhaps bit off more than we could chew at that time. However, we all remained special friendships, still had our own meetings and most of all, had a great time in showing our wonderful dogs. Dave Karnes at the time was the Club President, I was the Vice President, I believe Margie was the Recording Secretary and perhaps her story would be more accurate than mine. I know many people had heard there had been a club, but not much discussion took place about it after our dreams of hosting the impending national were dashed. Dave Karnes later left the dog show circuit, but along with his wife, Josie, loved their Beardedies until death did they part. The Beardedies, that is to say.

I was divorced in 1986 and remained single for over 10 years. Then one day at The Apple Valley Kennel Club, I met Tom. We were married at one of my client's homes, a garden wedding, on July 15th, 1995. Tom and I had met in February of the very same year. Tom and I became an unstoppable team when it came to the dog shows.

Let me digress for a moment. My very first, long-time handling relationship was with Charlene Boyd of Brighton Kennels. Charlene purchased her first show dog, Blake, from me and we finished him quickly and began campaigning him with terrific results. The fun and excitement we shared would be hard to duplicate on any level. This was an approximate 10 year commitment, as she purchased other Beardedies as time carried on.

I also worked for Ally Goodman. Ally had many beautiful Beardedies to show and never left me without work. It took a lot of work which included travelling around the country. Ally, along with Charlene, were embedded with this bug! I worked for Ally for 18 years and at times worked during this timeframe for Charlene Boyd as well.

In 1982, my own CH Arcadia's Bluegrass Music was selected Best Opposite Sex at the Sacramento National Specialty at only 22 months old.

(con't from page 4)

Thirty five years later I continue to show and love almost every minute of it!

I am currently starting out on a new young dog belonging to Charlene Boyd. Sometimes instances come full circle.

Jennifer Sanders

Hi! My name is Jennifer Sanders. I have recently moved to Southern California from southern Colorado. My first Beardie started living with me in the summer of 1999. He was with me for 14 years (I had to say good-bye to him in August). He introduced me to the conformation ring, competing in obedience, and the world of herding. We were an obedience team for 10 years. He was always a fun dog to work with in the ring and he had a strong work ethic. We received the honor of High in Trial at the BCCA National Specialty in Northern California.

Six years later, I was lucky enough to get to pick out a brown Beardie boy. I named him Catfish John. He is a rascal! However, we are a great obedience team, and we were the top novice obedience Beardie team in 2011! I was over the moon! Catfish is also a top notch backpacking Beardie. He has been on several 100 mile backpacking trips with me. He is an amazing companion on the trail. Since he is turning 9 this March, he will be retiring from such long treks, but if he had it his way he would be walking beside me as long as his legs could carry him.

Two years ago, I flew out to Oregon and met my third Beardie, Grover, who is such a sweet boy! We do work on obedience, and I plan on competing with him. However, he really LOVES herding! So, I am learning how to herd sheep with him. We are going to weekly lessons and learning A LOT! He will also be learning about carrying a backpack this summer. I cannot imagine my life without these dogs. I look forward to meeting many of you, hanging out more often with those of you I know, and participating in club activities. So far the herding days and holiday party have been a lot of fun, and the people in this club are fabulous! Looking forward to many events in the future!!

Meet our new members (con't) !!

Kelly & Naomi Kobayashi

It just happened to be our wedding anniversary day when we drove to Victorville, CA, to have lunch with friends on a hot, muggy afternoon. During the course of our lunch, they told us that someone dumped four pups on their property. Then they asked if we wanted a pup...I didn't. But my wife, Naomi, wanted to see them on our friend's iPhone, and she was smitten by a small, fuzzy, brown, 8-week old pup. She asked to see it—it was a drive that changed our lives...

After lunch we followed them to their home in Phelan, CA. As we drove through the desert, the sky suddenly darkened and soon we were in a major cloudburst with heavy rain blowing horizontally, lightning, thunder all around and the dirt road to their home became a stream...she was scared. Their home was far into the countryside—and this road kept going on and on...with no houses around, just Joshua trees.

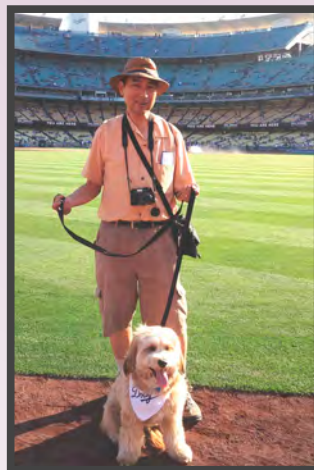

The rain was pouring when we arrived and were greeted in the driveway by our friends, three pups and their big dogs—but where was that brown pup? After drying off in their home, she spotted it through a window huddling alone by the corner of the house. We went outside to find him and he appeared at the front door with all the other dogs. She thought this pup was smart that he was brave to be alone in the gusty, pouring cloudburst; immediately picked up a chewing bone; and bit a tail of one big adult dog but he didn't get picked on, unlike his brother.

As this storm was ending we started back home. I still didn't want this pup so before getting on the freeway we stopped at a nearby gas station to discuss whether to return it to our friends. She was very insistent on having this pup but didn't know the time and resources needed to raise a pup to adulthood—I was already calculating the time and costs involved. But I thought it wouldn't be fair returning him to our friends so I agreed--let's give this little guy a chance. We continued home with it sleeping in the back seat. She started thinking of a name...We already have a family of four feral cats that moved into our apartment yard and their names end in "ki." Since this pup now belongs to the "ki" family, she needed to think of an appropriate name. In Japanese, Ki means good energy. As we were going over Cajon Pass she named the pup, "Yuuki," which means brave in Japanese. (Yuuki also means organic in Japanese too...)

It's been fun watching our fuzzy, happy 43-lb pooch. We learn something new from him every day. No matter where we take Yuuki, people are attracted to him even though he is shy; they love his smiling face and want to touch his soft flowing fur—especially children. People love shaggy dogs and they are surprised to learn Yuuki is a rescue.

Over the past year Yuuki opened up a new I became dog-centric—what a change! We Orange Counties, and to the annual Bark in a young mother saw Yuuki and said, "He's had Beardies, and they were great dogs for BCCSC Website and reached out to Sandy wrote back that he's probably part Wheaton. Christmas Party where we and Yuuki enjoyed beautiful Beardies.

We were happy to participate in the Herding 2013. We were amazed to see those Beardies surprise Yuuki passed the Herding Instinct amazing—to chase sheep and then the sheep

We are very grateful that the BCCSC invited us to join its wonderful club. It's both fun and educational in learning about Beardies and to use that knowledge in making Yuuki a happy camper. We're looking forward to the next BCCSC adventure!

Sarah and Steve Pollaro

Steve and I have lived in the Las Vegas area for approximately 15 years. I'm originally from Huntington Beach, California and Steve is from Kansas City, Missouri.

We have three awesome dogs: Smokey, Jack and Dillon. Smokey is a mix, Jack is a Sheltie and some of you have met Dillon, our 2 year old Beardie.

We were first introduced to the breed in 2009 when we rescued a 10-year-old Bearded Collie named Alfie who had been abandoned. We had the privilege of having Alfie as a member of our family for almost 3 years when his time with us was cut short from cancer. Alfie had brought so much love, joy and laughter into our home, although we knew we could never replace him, we were now hooked on the Beardie breed and couldn't bare to be without one.

In our journey for a puppy we were fortunate to find Bill and Terri Stewart of Rosebud Beardies and they made all of our dreams come true. As Alfie did, Dillon has brought us tons of love, life and laughter and we are so very proud of him. We look forward to many more years of joy and happiness with Dillon, as you all know that's what you get with a Beardie.

We are really looking forward to being members of the BCCSC.

Here are few things to remember: Bring your chairs and picnic lunch (if you wish). Dog crates, water, sunscreen and hats are not bad ideas. Keep your dog on a lead, in a crate or in the back of your vehicle. Please do not let your dog potty on the hay bales. There is an area for relieving them and we can let you know where that is.

Sarah Halsey

Very sadly, the Beardie community has lost one of its most dear friends, Sarah Halsey, on December 13th, 2013.

Most of us knew Sarah, her husband Doug, and her beloved beardies Wizzie, Impy, Hoolie and Perky from their years of success in the agility ring. Sarah and Doug could be seen most weekends at the shows, their motorhome filled with beardies. Anyone who had the joy of seeing Sarah and her MACH 11 Beardie, Wizzie, in the ring had to laugh at the sheer pandemonium: Wizzie flying through the air, barking away and Sarah running and somehow directing him over the jumps. Both were active competitors and made their mark with their numerous accomplishments. Wizzie was the first Beardie to hold both the MACH and the ADCH titles, the first Beardie to earn the MACH titles 6-10! Team Sarah and Wizzie were awarded the BCCA Diehard Trophy five times, and Wizzie was the #1 AKC Agility Bearded Collie from 2001 – 2005. In 2012, Sarah received the Beardie Agility Diehards' BAD Person of the Year Award at the National Specialty.

Sarah and Doug were long-time members of the BCCSC, and, for many years, Sarah served as Agility Chairman for the club. Sarah was a very special person...always humble, friendly, and eager to encourage and assist others. She touched the lives of everyone who had the pleasure to meet her. She will be missed by all of us who loved her.

She is survived by her husband, Doug, and her two daughters, Wren and Kim. Private services will be held at a later date, in Mendocino, California – a place she truly loved and where she and Doug were married.

In lieu of flowers, the family would appreciate contributions to be made to the Bearded Collie Foundation for Health. For more information (<http://www.beaconforhealth.org/Donate.html>).

IT'S BYLAW REVIEW TIME AGAIN

Dear BCCSC Members,

Once every few years, the Board reviews the Club Bylaws and recommends edits which we feel will benefit the club. Some of our Bylaw articles are out of date or unclear, and some need slight changing in order to keep the club running smoothly.

The Board has been working on the following changes to our Bylaws:

1. **Article I, Section 1: Membership Categories:** Clarification of our membership categories by separating our Associate (non-voting) membership into two separate categories, Single and Joint Memberships (they previously had been grouped together)
2. **Article I, Section 3: Election to Membership:** Faced with what was often a 2-4 month wait for the membership to vote in new member applicants, the board recommends that we follow the membership ratification procedure used by the BCCA. Once an applicant has submitted his/her application and dues payment, the board will vote to approve the application at the next board meeting. This procedure will allow new members to be voted upon in an efficient and timely manner.
3. **Article II, Section 1 and 3: Use of electronic mail for club notifications:**

Although now a common practice, the Board wanted to clarify the use of email in addition to postal mail as an acceptable tool for club correspondence. If any member does not have email, they need to let the secretary know and special accommodation can be made. At this time, all of our members use email.
4. **Article II, Section 3: Use of telephone or video conference for board meetings:** The Board has tested the use of the telephone conference for board meetings for the past few months and we have found it to be very useful. The BCCA recommended that we add this to our Bylaws.
5. **Article VII, D: Ratification of our Bylaws by the AKC:** The AKC must approve our Bylaws and requires this to be written into our club Bylaws.
6. **Other edits to Bylaws:** Slight wording changes for consistency, miscellaneous wording (like use of "shall" instead of "will"), clarification of subject or verbs used, and an updated, bullet-style format that the BCCA is currently using for their Bylaws.

As per our Bylaws, our membership is required to vote in the changes to our Bylaws, and must receive a copy of the proposed changes at least two weeks prior to voting.

So, attached to the Beardie Blast, there will be a link to a copy of the Bylaws with proposed changes; words with a strikethrough are to be deleted, and the words in red are to be added.

Please review and we will vote on these changes at our Annual Meeting on April 5th.

Thank you.
